MEMORANDUM FOR: Senior Air Force Representative  
Air Force Element, NPIC

SUBJECT: X-Y Grid for Project 201

REFERENCE: AFCIN-3H1 Letter, BK-1341-2, 25 May 1962

1. Since the Air Force requested NPIC to prepare the reference grid for Project 201, it would seem appropriate for NPIC to coordinate any grid revisions found necessary upon receipt of additional data, rather than for AFCIN-3H1 to make revisions, as stated in par. 4 of reference letter, in order to provide continuity of effort.

2. The grid is being reproduced and copies will be distributed in the very near future.
